

WITH LIGHT SHIELD

DRAWING GUIDE

1. All dimensions are in millimetres. Do not measure from a scaled copy.
2. Body approx. 42.0 × 49.9 × 14.5; with shield approx. 47.3 × 49.9 × 48.1.
3. Housing material: black ASA (acrylonitrile styrene acrylate) resin.
4. Manufactured by 3D printing that deposits heated filament layer by layer.
5. Production variation: overall size ±0.50, openings ±0.30, angles ±1.0°.
6. Layer lines and slight surface differences are normal; verify the actual product for precise fit.
